# Detectors

## Electronic Multi Tester MT 6 S/2

- non-contact location of cables with AC voltage
- checking phase, neutral and earthing conductor at the sockets
- continuity check, e.g. of fuses, bulbs etc.
- polarity check, e.g. of batteries
- display through the LED
- small and handy
- can be used as a torch because of the super-bright LED
- inclusive 3 replaceable coin cells

## Moisture Detector MD

- to determine the moisture content of wood building material, such as e.g. concrete, brick, screed, plasterboard, wallpaper etc
- measuring range of 5-50% for wood, or 1,5-33% for building material
- large LCD display (resolution 0,1%) as well as acoustically
- practical hold function also makes measurement possible at locations difficult to access
- automatic switch-off appr. 3min after last application
- battery low voltage display
- robust, ergonomic housing with separate compartment for 9V monobloc battery (not included)
- with protective cap

Art. No.	packing
1 29868 0	1 piece

## Multifunction Detector WMV Plus metal/voltage/beam detector

- for locating metal, voltage carrying cables (AV voltage) and wooden beams e.g. in walls
- 3 functions on one appliance, functions can be individually applied
- accurate display of the result on large LCD display
- automatic sensitivity control
- battery compartment for 9V block (battery not included)
- automatic switch-off after end of measurement
- battery low voltage display
- maximum detection: wood up to 40mm, AC voltage appr. 30-50mm, metal appr. 50-80mm
- user friendly through the operation button on the side and front.
